2. If you have questions or concerns about any specific military duty period, you may contact my unit, C 2-122 FA; (815) 895-2566. The Uniformed Services Employment and Reemployment Rights Act (USERRA), Title 38, United States Code Sections 4301-33 authorizes employee absence from civilian work for military duty. If you have any questions about the provisions of USERRA, the staff of the National Committee for Employer Support of the Guard and Reserve (toll-free telephone 1-800-336-4590; [www.esgr.org](http://www.esgr.org)) will be happy to answer them, or put you in touch with a local ESGR Committee representative. As a reminder, USERRA stipulates that an employee cannot be “required” to use personal vacation time for military absence from the civilian workplace, per Title 38 United States Code Section 4316(d).

3. Thank you for your cooperation in making it possible for me to participate as a member for America’s Reserve forces-the National Guard and Reserve. We are vital to our National Military Strategy and your support benefits me and the entire country.

4. Point of contact for this memorandum is SSG Timothy Johnson, (815) 895-2566.
